

HOW TO SECURE GUNS?

- Store in a locked cabinet, safe, gun vault, or case
- Use gun locking devices
- Ammunition should be stored in a separate and locked location

GUN SAFETY IS ALWAYS AN ADULT RESPONSIBILITY

If a child handles a gun, a bad decision can quickly become a fatal one. S.M.A.R.T. adults protect kids by storing guns locked, unloaded and separate from ammunition.

They also make sure children are never in the presence of unsecured guns.

Remember, your gun is YOUR responsibility.
